ADVANCED TECHNOLOGIES FOR YOUR OFFICE

Print On-the-Go

Print a variety of file types, Web pages, and images on-the-go with **Canon PRINT Business**,[†] **Apple AirPrint**,^{††} **Mopria Print Service**,^{†††} and **Google Cloud Print**[▲] using your compatible mobile device. You can also scan hard-copy originals using Canon PRINT Business. For more information on Canon supported apps and compatibility, please visit <https://www.usa.canon.com/mobile-app>.

Secure Print

Secure Print

The imageCLASS D1500 Series features Secure Print to help protect the privacy of your printed documents and keep them in the right hands.

imageCLASS Touch & Print

Touch and Print

Near Field Communication (NFC)^{▲▲} allows you to easily "touch-and-print" to the D1550 using your compatible mobile Android device.

Department ID Management

The imageCLASS D1500 Series features password-protected Department ID Management. To help reduce costs, device usage can be monitored and controlled for up to 300 IDs.

* Wi-Fi® is a registered trademark of the Wi-Fi Alliance®. The Wi-Fi CERTIFIED™ Logo is a certification mark of the Wi-Fi Alliance®.

** Print speed is based on internal testing. Print speed may vary depending on the number of copies selected as well as the settings for size, type, and orientation of paper.

*** May vary depending on the output environment.

† Canon PRINT Business is a free app available on the App Store® and Google Play™ Store. For more information, including compatibility, please visit <https://www.usa.canon.com/mobile-app>. Users of Canon Mobile Printing can simply update the app to use Canon PRINT Business; users who have installed Canon Mobile Scanning for Business should install Canon PRINT Business on their compatible device. After Canon PRINT Business is installed, users can re-register their Canon Mobile Scanning for Business device list and local documents.

†† Apple AirPrint functionality requires an iPad, iPad Mini, iPad 2, the new iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 7.0 - 8.0 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base Station, or Time Capsule is not supported.

††† Mopria Print Service, available free at the Google Play Store, requires a compatible Android 4.0 or later smartphone or tablet. The printer must be either wirelessly connected to the network router or with an Ethernet cable. The mobile device and printer must be connected to the same network.

▲ Google Cloud Print requires an Internet connection and Google Account. Printer firmware update may be necessary for Google Cloud Print™ function. Certain exceptions may apply. A PC running Windows XP or later or a Mac running OS 10.4.11 or later and USB cable are required to perform firmware update.

▲▲ Requires an Android mobile device with NFC hardware running Android 4.0 or later and the Canon PRINT Business app, available for free at Google Play. Canon PRINT Business app must be open to use tap and print functionality.

▲▲▲ Based on 20 lb. Bond paper.
